

Division	Course Code	Course Name	Lecturer	Credit Unit		* Provisional schedule for April 2020	
				Spring	Summer	Method/tool	Instructions from lecturer
Materials Physics	290370	汎分光 (Solid State Spectroscopy)	Akira SEKIYAMA, Takayuki KISS	2		CLE	Material will be uploaded by April 13 (1st day of lecture). Confirm schedule uploaded on CLE via KOAN.
Materials Physics	290762	磁性とスピントロニクス概論 (Introduction to magnetism and spintronics)	Yoshishige SUZUKI, Hikaru NOMURA	2		Lectures via CLE. Zoom will be tested after 1st lecture.	Material will be uploaded on CLE by the 1st day of lecture as well as on KOAN.
Frontier Materials Science	290630	Molecular Nanotechnology	Hirokazu TADA, Ryo YAMADA	2		Zoom	Material will be provided by the 1st day of lecture. Instructions will be provided on KOAN.
Frontier Materials Science	290433	理論物質科学 (Theoretical Materials Science)	Koichi KUSAKABE	2		CLE	Details will be provided on KOAN by April 5. PDF material will be uploaded by the 1st day of lecture. Information regarding subsequent online classes will be posted on KOAN.
Frontier Materials Science	290434	微小物質光学応答 (Photophysics of Nanoscale Materials)	Masaaki ASHIDA, Masaya NAGAI	2		CLE・Zoom	Material will be uploaded by the 1st day of lecture.
Nonlinear Mechanics	29E637	乱流力学特論 (Turbulence Dynamics)	Genta KAWAHARA	2		CLE	Material to be uploaded. Details will be provided on KOAN before lectures start.
Mechanical Engineering	29E623	固体力学特論 (Advanced Theoretical Solid Mechanics)	Shigenobu OGATA	2		CLE	Material will be uploaded on the 1st day of lecture. Subsequent method will be provided on KOAN..
Bioengineering	29E765	バイオメカニズム (Biomechanism)	Yo KOBAYASHI	2		Zoom	Details will be provided on KOAN by April 14.
Bioengineering	29E775	医療生体データ科学 (Biomedical data science)	Ken KIYONO	2		CLE	Details will be provided via KOAN and CLE systems.
Bioengineering	290776	Biosystem Engineering	Yasuyuki SUZUKI	2		Zoom	Details will be provided by the 1st day of lecture via KOAN.
Systems Science and Applied Informatics	29E292	システム解析論 (Theory of Systems Analysis)	Ryouta SHIMOKURA	2		Zoom	Due to system adjustment, the 1st day of lecture will be on April 17 (Fri.) and information on how to take online classes will be provided beforehand. Material will be uploaded on CLE.
Systems Science and Applied Informatics	29E343	画像システム論 (Imaging Systems)	Kosuke SATO	2		CLE	Guidance will be implemented and material will be uploaded on the 1st day of lecture. Instructions for subsequent lectures will be provided on CLE.

Division	Course Code	Course Name	Lecturer	Credit Unit		* Provisional schedule for April 2020	
				Spring	Summer	Method/tool	Instructions from lecturer
Systems Science and Applied Informatics	29E646	データベースシステム論 (Database Systems)	Weiwei WAN	2		Zoom	Details will be provided on KOAN by April 9.
Systems Science and Applied Informatics	29E715	コミュニケーションロボット論 (Communication Robot)	Yuichiro YOSHIKAWA	2		Zoom	Guidance will be implemented on the 1st day of lecture. The link for taking online classes via Zoom will be sent to the email addresses of those who have registered for this lecture.
Mathematical Science/Mathematical Science for Social Systems	290826	統計数理概論 1 (Topics in Mathematical Statistics 1)	Fuyuhiko TANAKA, Kengo KAMATANI, and others	2		Zoom	The URL for Zoom.us will be provided the day before the 1st day of lecture. Material will be uploaded on CLE on the 1st day of lecture.
Mathematical Science/Mathematical Science for Social Systems	290749	Data Science and Case Studies I	JONGCHAN LEE, Yutaka KANO, Masayuki UCHIDA	2		Pending	Procedures are still pending. Information will be provided on KOAN as soon as things are decided.
Mathematical Science for Social Systems	290649	非線形システム論 (Nonlinear System Theory)	Toshimitsu USHIO Takashi MATSUBARA	2		CLE・Zoom	Information will be provided on KOAN on April 9. Make sure to complete your course registration by then.
Mathematical Science for Social Systems	29E007	システム計画論 (Systems Optimization and Analysis)	Masahiro INUIGUCHI	2		CLE	Material (handouts and video) will be uploaded on the 1st day of lecture. Subsequent material will be uploaded almost everyday. Any changes will be provided on KOAN.
Engineering Science	290366	Introduction to Engineering Science	Shinji DEGUCHI	2		Depends on each lecturer	1st day of lecture (April 13, Mon.) to be conducted via CLE. Information on method to be used after April 20 will be provided on KOAN.
Advanced Electronics and Optical Science	290603	Solid State Devices	Masayuki ABE, and others	2		CLE・Zoom	Procedures are still pending. Information will be provided on KOAN as soon as things are decided.
Mathematical Science	290656	Advanced Mathematical Science A	Michinori ISHIWATA, and others	2		Other method	For those who wish to take the lecture, please email the lecturer in charge.
